

Our People and Planet Strategy commitments

Planet

- Enable affordable, decarbonised heat, power, and transport
- Produce less waste and recycle it all
- Eliminate air pollutant emissions and reach net zero by 2050
- Manage our land to benefit the environment

People

- Enhance access to opportunities and fair jobs
- Prioritise colleague safety and wellbeing
- Build a diverse workforce and eliminate inequality
- Ensure access to safe and affordable energy for customers and vulnerable communities

Governance

- Ensure robust risk management framework and processes
- Transparency and accountability
- Partner responsibly and hold suppliers to sustainability standards
- Maintain robust cyber resilience
